

## Cumulative Index 1991

### Volume 7

---

February	GERIATRIC SEXUALITY, pages 1-184
May	GASTROENTEROLOGIC PROBLEMS, pages 185-400
August	CEREBROVASCULAR DISEASES IN THE 1990s, pages 401-643
November	GERIATRIC HOME CARE, pages 645-892

---

Note: Page numbers for complete issues and articles appear in **boldface** type.

- Abdominal pain, in irritable bowel syndrome, 267
- Abuse, of elderly, **831-845**. See also *Elder abuse*.
- Accidents, falls caused by, 709
- Achalasia, and esophageal dysphagia, 222-224
- Acid peptic disease, **231-254**. See also *Peptic ulcer disease; Ulcer(s)*.
- Activities of daily living (ADL), poststroke rehabilitation for, 514-515
- Acute-care facility, feeding in, 204-209
- Adenomas, and colorectal cancer, 335-336
- Adjustment, in home rehabilitation, 703
- Adult children, living with, effect on sexual expression, 155-156
- Aging, as disease, 387-388
- interaction with disease, 196
- philosophic approach to, **387-394**
- physiologic changes with, 134
- psychologic and cultural issues in, 165-167
- rationing of medical care in, 390-392
- sexual physiology of, drug interactions with, 96-98
- sexuality and, 1-7
- Agitation, in dementia, home management of, 793
- Airway, establishment of, in ischemic stroke, 456
- Alcohol consumption, and chronic subdural hematoma, 585
- and intracerebral hemorrhage, 551
- and vascular dementia, 606
- Alcoholism, effect on sexuality, 20, 103, 117-118, 138
- case study of, 145-146
- Alpha-blockers, and sexual dysfunction, 101
- Alzheimer's disease, effect on sexual function, 139-142
- histologic features of, and intracerebral hemorrhage, 555
- Amaurosis fugax, 526
- stroke involving, 433
- American Academy of Home Care Physicians (AAHCP), role in home health care quality assurance, 859, 862
- American Medical Association (AMA), role in home health care quality assurance, 855, 862
- Amino acid antagonists, excitatory, for ischemic stroke, 462
- Aminophylline, for ischemic stroke, 467
- 21-Aminosteroids, for ischemic stroke, 468
- Amitriptyline, for poststroke depression, 499-500
- Amnestic effects, of antidepressants, 500
- Amoxapine, for poststroke depression, 502
- Amyloid angiopathy, cerebral, 617-630
- amyloid plaques in, 622
- and intracerebral hemorrhage, 553-555
- differential diagnosis of, 624-625
- epidemiology of, 617-618
- histopathology of, 620-624
- molecular, 623-624
- parenchymal, 621-623
- vascular, 620-621
- laboratory features of, 625-626

- Amyloid angiopathy (*Continued*)  
 signs and symptoms of, 618–620  
 treatment of, 626–627
- Amyotrophic lateral sclerosis, and oropharyngeal dysphagia, 219
- Ancrod, for ischemic stroke, 466
- Androgen, and sexual function in women, 32, 47, 91
- Andrology Clinic case studies, 144–148
- Aneurysm, and subarachnoid hemorrhage, 569  
 surgical treatment of, 575–576
- cerebral, seizures with, 487
- intracavernous, and ocular motility disturbances, 540, 542
- ruptured, and chronic subdural hematoma, 584
- Angiography, for carotid-cavernous fistula, 539  
 for cerebral amyloid angiopathy, 625  
 for chronic subdural hematoma, 589  
 for lower intestinal bleeding, 314–316
- Angiogenesis, in brain, 444
- Angiopathy, amyloid. See *Amyloid angiopathy*.
- Angiotensin converting enzyme inhibitors, and sexual dysfunction, 101
- Anorexia, in home hospice care, 812
- Anthropometric measures, 198–199
- Antiarrhythmic agents, and sexual dysfunction, 102
- Antibiotics, for cavernous sinus syndrome, 537  
 intravenous, home-administered, 749–763
- Anticholinergic agents, and sexual dysfunction, 103
- Anticholinergic effects, of antidepressants, 500
- Anticoagulants, for atherothromboembolic stroke prophylaxis, 411–413  
 for cavernous sinus syndrome, 537  
 for cerebral amyloid angiopathy, 626  
 for ischemic stroke, 463–464
- Anticonvulsants, and sexual dysfunction, 102  
 for cerebral amyloid angiopathy, 626  
 for poststroke seizures, 489
- Antidepressants, and sexual dysfunction, 98–99  
 for irritable bowel syndrome, 279  
 for poststroke depression, 499–501
- Antifibrinolytic agents, for subarachnoid hemorrhage, 575
- Antihypertensive medication, and sexual dysfunction, 66, 99–101, 169
- Antilipemic agents, and sexual dysfunction, 102
- Antiplatelet therapy, for atherothromboembolic stroke prophylaxis, 404–410  
 for carotid artery disease, 421
- for ischemic stroke, 462–463
- Antispasmodics, for irritable bowel syndrome, 278
- Antithrombotic therapy, for acute cardiogenic stroke, 439–440  
 for ischemic stroke, 462–464
- Anxiety, effect on sexual function, 138–139
- Anxiolytics, and sexual dysfunction, 99
- Aphasia, in chronic subdural hematoma, 587
- Apoplexy, pituitary, 533–535
- Appetite, aging-related changes in, 193–195
- Arm, poststroke rehabilitation of, 515
- Arterial disease, and erectile failure, 77
- Arterial disorganization, in brain, 444
- Arteriosclerotic encephalopathy, subcortical, dementia with, 608
- Arteriovenous malformation, and chronic subdural hematoma, 584  
 and subarachnoid hemorrhage, 569, 578–580
- Arteritis, fibrinoid, in brain, 444  
 giant cell, and permanent visual loss, 529–533
- Arthritis, effect on sexuality, 122
- Ascites, 380–381
- L-Aspartate, for ischemic stroke, 462
- Aspirin, for acute cardiogenic stroke, 440  
 for atherothromboembolic stroke prophylaxis, 404–407  
 for carotid artery disease, 421  
 for ischemic stroke, 463  
 ulcers associated with, 245
- Assistive devices, home assessment of, 726
- Ataxia, one-sided, lacunar infarction and, 448
- Atenolol, for ischemic stroke, 467
- Atherosclerosis, and lacunar brain infarction, 444  
 and stroke, prevention of, 401–416
- Atrial fibrillation, and cardiogenic stroke, 431, 436–439
- Autonomy, in elder abuse, 841
- Barbiturates, for cerebral edema, in ischemic stroke, 460
- Barium enema, for colorectal cancer, 334  
 for lower intestinal bleeding, 313–314
- Barthel index, of stroke outcome, 519
- Basal ganglia, left, lesions of, depression with, 496
- Bathroom, home assessment of, 722–724
- Beanpole family, and elder abuse, 835
- Bedroom, home assessment of, 724–725
- Behavior, poststroke rehabilitation of, 517–518  
 problems in dementia, home management of, 787–801
- Beneficence, in elder abuse, 842

- Benzodiazepines, for dementia home management, 798-799
- Beta-blockers, and sexual dysfunction, 100-101
- for ischemic stroke, 467
- Beta protein, in cerebral amyloid angiopathy, 624
- Biliary tract disease, 347-370
- cholangitis, drainage for, 356
  - cirrhosis, primary, 378-380
  - obstruction, benign, 358-362
  - malignant, 362-363
  - pancreatitis, 357-358
  - stricture, 358-363
  - postsurgical, 358-360
- Binswanger's disease, and vascular dementia, 608
- Biochemical parameters, measurement of, 199-200
- Bladder cancer, and erectile failure, 76-77
- Bleeding diathesis, and chronic subdural hematoma, 584
- Blood flow, effect on penile erection, 64
- Blood pressure, management of, in stroke patient, 475-477
- monitoring of, in ischemic stroke, 457
- Board-and-care facilities, sexual expression of elders in, 156-157
- Body composition, measurement of, 199
- Body fat, aging-related changes in, 193
- Border-zone infarctions, dementia with, 609
- Bowel dysfunction. See also *Irritable bowel syndrome*.
- diagnosis of, 276-277
  - incidence by age, 269
  - poststroke management of, 509
- Brain, atherothromboembolic infarction of, prevention of, 401-416
- biopsy of, for cerebral amyloid angiopathy, 625
  - radioisotopic scans of, for chronic subdural hematoma, 589
  - tumor of, and chronic subdural hematoma, 584
- Breast, cancer of, and sexual dysfunction, 54-56
- decreased vasocongestion of, with aging, 89
- Bromocriptine, for impotence, 104
- Bronchodilators, anticholinergic, for home respiratory care, 779-780
- Bruit, asymptomatic, in carotid artery disease, 417-418
- Bulking agents, for irritable bowel syndrome, 276-278
- Bupropion, for poststroke depression, 502
- Burns, 717-718
- Calcium channel blockers, and sexual dysfunction, 101
- for ischemic stroke, 460
- for subarachnoid hemorrhage, 577
- Caloric density, of tube feeding formulas, 205-206
- Calorie needs, aging-related changes in, 193-194
- Cancer, effect on sexuality, 122-123
- inflammatory bowel disease vs, 293
  - of colon and rectum, 331-346. See also *Colorectal cancer*.
- Carbamazepine, for dementia home management, 799
- for poststroke seizures, 489
- Carbonic anhydrase inhibitors, and sexual dysfunction, 103
- Carcinomatosis, meningeal, and chronic subdural hematoma, 584
- Cardiac care, in stroke patient, 480
- Cardiac status, monitoring of, in ischemic stroke, 456
- Cardiogenic stroke, 429-442
- Cardiovascular agents, and sexual dysfunction, 99-102
- Cardiovascular disease, effect on sexuality, 123-124
- Caregivers, in home health care, burden on, 660, 817-829
- family relationship problems, 820
  - sources and solution of, 819
  - conflict in, 818
  - education of, and medication compliance, 741
  - pain management by, 767-768
  - role in poststroke depression, 503
- Carotid artery, external, biopsy of, in giant cell arteritis, 530-531
- intracranial, aneurysm of, frequency of, 574
  - stenosis of, asymptomatic, 418-419
  - studies of, in lacunar infarction, 450-451
- Carotid artery disease, asymptomatic, 417-428
- plaque morphology in, and prognosis, 419-420
  - risk factors in, 419-421
  - treatment of, 421-424
- Carotid-cavernous fistula, and ocular motility disturbances, 537-540
- Carotid endarterectomy, for carotid artery disease, 421
- CASANOVA, 424
- Case-finding, in home assessment, 678
- Catastrophic reactions, in dementia, home management of, 794
- Catheterization, urinary, following stroke, 509
- Caudate nucleus, hemorrhage in, clinical features of, 557-558
- Cavernous sinus syndrome, and ocular motility disturbances, 535-537

- Cavernous sinus syndrome (*Continued*)  
with pituitary apoplexy, 534
- Central nervous system, changes with aging,  
effect on sexual function, 86  
disorders of, and impotence, 66–67  
and oropharyngeal dysphagia, 218–219  
in aging men, 96
- Central venous nutrition, 210
- Cerebellum, hemorrhage in, clinical features  
of, 561
- Cerebral artery(ies), amyloid angiopathy of.  
See *Amyloid angiopathy*.  
aneurysm of, frequency of, 574  
middle, infarction of, hemorrhagic, 434  
seizures in, 485
- Cerebral cortex, stroke involving, and  
seizures, 484  
cardiogenic source of, 433  
in cerebral amyloid angiopathy, 621–  
622
- Cerebral edema, in ischemic stroke,  
management of, 458–460  
with chronic subdural hematoma, 593
- Cerebral infarction, and vascular dementia,  
606  
embolic, seizures in, 484–485  
in cerebral amyloid angiopathy, 619
- Cerebral ischemia, acute, medical  
management of, 455–473
- Cerebrospinal fluid, testing of, for cerebral  
amyloid angiopathy, 625
- Cerebrovascular disease, effect on sexuality,  
123–124  
ischemic, seizures in, 484–485  
management of, ethical issues in, 631–636
- Change, illness as agent of, 827
- Chemotherapeutic agents, and sexual  
dysfunction, 103
- Chest pain, with pulmonary embolism, in  
stroke patient, 479
- Children, adult, living with, effect on sexual  
expression, 155–156
- Chlorpromazine, for dementia home  
management, 798
- Cholangitis, 355–357  
primary sclerosing, 361–362
- Cholecystitis, acute, in gallstone disease,  
352–353
- Choledocholithiasis, 354–355
- Cholesterol, serum levels of, and  
intracerebral hemorrhage, 551
- Chronic-care facility, feeding in, 204–209
- Chronic illness, and low sexual desire, 175  
as agent of change, 827
- Chronic obstructive pulmonary disease,  
home oxygen therapy for, 780–782
- Cigarette smoking, and intracerebral  
hemorrhage, 551  
and peptic ulcer disease, 238  
and risk of stroke, 402
- and vascular dementia, 606
- Ciliary artery, posterior, occlusion of, and  
permanent visual loss, 529
- Cirrhosis, biliary, primary, 378–380
- Climacteric, normal, management of, 31–33
- Climate, problems with, in travel, 323–324
- Clinical parameters, measurement of, 200
- Clumsy hand syndrome, in lacunar  
infarction, 447–448
- Cognitive function, impairment of, as  
barrier to sexual expression, 139–142,  
158
- tests of, in vascular dementia, 609
- Colitis, infectious, and lower intestinal  
bleeding, 309–311
- ischemic, and lower intestinal bleeding,  
304–308  
barium enema of, 306  
inflammatory bowel disease vs, 292
- mucous, incidence by age, race, and sex,  
270
- Colon, cancer of, 331–346. See also  
*Colorectal cancer*.  
diverticular of, and lower intestinal bleed-  
ing, 304–305
- ischemia of, and lower intestinal bleeding,  
304–308  
causes of, 305  
distribution and length of, 308
- neoplasm of, and lower intestinal bleed-  
ing, 311  
stricture of, barium enema of, 306
- Colonoscopy, for colorectal cancer, 334  
for lower intestinal bleeding, 314
- Colorectal cancer, 331–346  
American Cancer Society recomme-  
ndations concerning, 334  
and erectile failure, 76–77  
causes and pathogenesis of, 332  
classification of, 338–339  
clinical features of, 336–337  
epidemiology of, 331–332  
gross features of, 337  
histology of, 337  
laboratory findings in, 337  
management of, 339–343  
chemotherapy, 340–342  
in aged, 342–343  
laser therapy, palliative, 342  
patient follow-up of, 343  
radiation therapy, adjuvant, 340  
surgery, 339–340  
natural history of, 338  
pathology of, 337–339  
physical examination for, 337  
prevention of, dietary recommendations  
for, 343
- prognosis in, 338, 339
- risk factors for, 333

- screening for, antibiotic prophylaxis in, 335  
 guidelines for, 332-335  
 signs and symptoms of, 336  
 staging of, 337-339  
 US death rate for, 332
- Commercial food supplements, 203-204
- Common bile duct, obstruction of, 354-355
- Communication, family patterns of, effect on home health care, 526-527  
 poststroke rehabilitation of, 515-516
- Community elderly, functional assistance needs of, 653-656
- Community Health Accreditation Program, Inc (CHAP), 854-855, 863
- Community services, home assessment of, 727-729
- Complementary marital arrangement, effect on home health care, 823-824
- Compliance. See *Patient compliance*.
- Computed tomography, for chronic subdural hematoma, 587, 589-590  
 for lacunar infarction, 443  
 for subarachnoid hemorrhage, 572, 573
- Congestive heart failure, and sexual function, 170
- Conjunctiva, chemosis of, with carotid-cavernous fistula, 538
- Consciousness, impaired, in intracerebral hemorrhage, 556  
 with pituitary apoplexy, 534
- Constipation, and lower intestinal bleeding, 311  
 in irritable bowel syndrome, management of, 280
- Continence, poststroke rehabilitation of, 518
- COPD, home oxygen therapy for, 780-782
- Coronary disease, and sexual function, 168-170
- Corticosteroids. See *Steroids*.
- Cost-effectiveness, of home health care, 865-874
- Counseling/therapy, for sexual problems, 161-179
- Cranial nerve, compression of, subarachnoid hemorrhage and, 570-571  
 dysfunctions of, in cavernous sinus syndrome, 535-536
- Crisis intervention, in home assessment, 679
- Crohn's disease, 288
- Cultural attitudes, and sexuality, 135, 174
- Cystatin C, in cerebral amyloid angiopathy, 624
- Cystectomy, radical, and sexual dysfunction, 56-57
- Day-night disturbance, in dementia, home management of, 794
- Death, in home hospice care, 814-815
- Deconditioning, effect on poststroke rehabilitation, 514
- Defecation, disturbed, in irritable bowel syndrome, 267
- Dehydration, in home hospice care, 812 in travel, 324
- Delusions, in dementia, home management of, 794-795
- Dementia(s), and sexual dysfunction, 117, 139-142  
 behavioral problems in, demographics of, 787-790  
 factors precipitating or worsening, 790-791  
 frequency and types of, 788-790  
 home management of, 787-801  
 general methods for, 791-792  
 psychoactive drugs for, 796-799  
 specific methods in, 792-796  
 treatment goals and approaches in, 790-792
- diagnostic criteria for, 788
- in cerebral amyloid angiopathy, 619-620
- vascular (multi-infarct), 599-615  
 classification of, 602-603  
 clinical and laboratory tests for, 609-610  
 clinical syndromes of, 607-609  
 definition of, 600  
 diagnostic criteria for, 600-603  
 epidemiology of, 603-607  
 neuropathology of, 610-611  
 prevalence and incidence of, 603-605  
 prognosis in, 611  
 risk factors in, 606-607  
 treatment of, 611-612
- Department of Veterans Affairs, in home health care, 649
- Dependent living situations, sexuality in, 153-160
- Depression, and impotence, 67  
 criteria for, 496  
 drugs causing, 502-503  
 effect on sexuality, 116-117, 137-138  
 poststroke, 493-506  
 biologic basis of, 497-499  
 diagnosis of, 494-497  
 incidence of, 493  
 symptoms of, 494-495  
 treatment of, 499-503
- Desipramine, for poststroke depression, 499-500
- Detachment, family, effect on home health care, 826
- Dextran, for ischemic stroke, 466
- Diabetes mellitus, and impotence, 66-67  
 and risk of stroke, 402  
 and vascular dementia, 606  
 effect on sexuality, 114-116, 167-168

- Diabetic foot infection, 757  
Dialysis, and chronic subdural hematoma, 585  
Diarrhea, in traveling elderly, 325–326, 328  
  pretravel advice concerning, 322  
Diazepam, for poststroke seizures, 489  
Dietary fiber, for irritable bowel syndrome, 276–278  
Dietary intake, evaluation of, 198, 202  
Dietary problems, in traveling elderly, 325–326  
Digoxin, and sexual dysfunction, 102  
Dipyridamole, for atherothromboembolic  
  stroke prophylaxis, 409  
  for carotid artery disease, 421  
Disease(s), aging as, 387–388  
  chronic, and geriatric sexuality, 113–131  
  in traveling elderly, 324–328  
  interaction with aging, 196  
Disuse atrophy, in female sexual  
  dysfunction, 33  
Diuretics, and sexual dysfunction, 99–100  
  for intracranial hypertension, in intracerebral hemorrhage, 562  
Diversion colitis, and lower intestinal  
  bleeding, 311  
Diverticula, colonic, and lower intestinal  
  bleeding, 304–305  
  relation to irritable bowel syndrome,  
    275  
Diverticulitis, colonic, barium enema of, 307  
Diverticulosis, inflammatory bowel disease  
  vs., 292  
Dizziness, and falls, 711  
Do not resuscitate/intubate orders, for home  
  hospice care, 815  
  for home respiratory care, 782  
Doxepin, for poststroke depression, 499–500  
Drop attacks, and falls, 711  
Drug(s), abuse of, and subarachnoid  
  hemorrhage, 580  
  cost of, and medication noncompliance,  
    741  
  depression caused by, 502–503  
  effects on sexual function, 96–98  
  hepatotoxicity with, 371–374  
  history of, in home medication assessment,  
    734  
  metabolism of, 373  
  reactions to, 373–374  
Duodenal ulcer, 242–243  
  *Helicobacter pylori* infection and, 237  
Durable power of attorney for health care,  
  808  
Dying patient, home hospice care for, 803–816. See also *Home hospice care*.  
Dysarthria, lacunar infarction and, 447–448  
  poststroke rehabilitation of, 515  
Dyspareunia, and decreased sexual activity,  
  45  
Dyspepsia, nonulcer, ulcerlike symptoms  
  with, 249  
Dysphagia, 216–228  
  commercial food supplements for, 203  
  esophageal, 221–228  
  in irritable bowel syndrome, 268  
  oropharyngeal, 217–221  
  poststroke rehabilitation of, 517  
Dysphasia, poststroke rehabilitation of, 516  
Dyspnea, in home hospice care, 813  
  with pulmonary embolism, in stroke patient, 479  
Dysthymic disorder, criteria for, 496
- Early satiety, in irritable bowel syndrome, 268  
Eating dependency, in institutionalized patients, 197–198  
Edema, cerebral, in ischemic stroke,  
  management of, 458–460  
  periorbital, with carotid-cavernous fistula,  
    538  
Ejaculatory problems, in aging men, 97, 162  
  in diabetes, 168  
Elder abuse, 831–845  
  clinical assessment of, 836–842  
    family history, 838  
    medical history, 837–838  
    physical examination, 838–839  
    psychological, 839–840  
    risk factor identification, 840  
  definitions of, 831–832  
  ethical issues in, 840–842  
  etiology and risk factors for, 834–836  
  intervention in, 842–843  
  laws regarding, 843  
  types of, 832–834  
Elderly, acid peptic disease in, 231–254  
  assessment of, in home, 677–693. See also  
    *Home assessment*.  
  biliary tract disease in, 347–370  
  functional assistance needs of, 653–656  
  gastroenterologic diagnoses in, 266  
  inflammatory bowel disease in, 287–299  
  irritable bowel syndrome in, 265–286
